PROFESSIONAL EXPERIENCE

INTENTIONIZE LLC

Co-Founder & Chief Executive Officer

San Diego, CA

August 2021 – Present

Intentionize LLC is the parent company of the [myHAVEN](#) software platform and its associated intellectual property, which it leases to Alignmetrics LLC. myHAVEN is a digital platform and marketplace that utilizes anonymized consumer-oriented information and insights to connect users with vetted merchants across several end-markets, including the consumer, retail, and healthcare sectors. The platform contains a patient health information module for collecting patient demographics and relevant information to democratize selection for clinical trials and improve overall healthcare accessibility.

- Founded company to over 10 FTEs across 2 national offices; recruited the original founding team and shareholders starting back in 2017.
- Raised \$3.15M of equity capital from angel investors to fund operations, growth, and platform development.
- Wrote & Obtained "*Computerized Communications Enabling Communications*" patent (No. 63/023/,782, filed 5/23/2020; 09/29/2022) and acquired 5 other patents adding to IP intangible assets, including trademarks and code.
- Acquired crucial patent technology, OmniDrop, for end-to-end encrypted file sharing; maintained and garnered multiple patents, IT technology, and trademarks for the myHAVEN platform; working to transition a co-created provisional patent application into an issued patent.
- Navigated successfully through intense shareholder disputes to achieve amicable buyouts.
- Devised and executed strategic plans to establish initial profitability and long-term growth.

ALIGNMETRICS LLC

Co-Founder & Chief Executive Officer

San Diego, CA

Jan 2020 – Present

Alignmetrics LLC is the operating company that holds an exclusive license to market and develop the [myHAVEN](#) software platform. As a strategic partner, Alignmetrics is instrumental in leveraging the intellectual property of myHaven, bringing its unique capabilities to a broader market. Alignmetrics is not only a conduit for the

commercialization of myHaven but also serves as a platform for future investment and expansion. With a keen focus on value creation, Alignmetrics is committed to enhancing the myHaven platform, continually driving innovation and development to meet evolving market demands.

- Led product development roadmap via CIRCLES product framework to deploy myHAVEN software product, UI/UX, mobile app, and marketplace; launched myHAVEN app in the Apple Store.
- Conducted beta testing of chrome desktop extension and iOS app with 20 healthcare practitioners.
- Created the Healthcare Advisor portal to enable patients to anonymize health data in a HIPAA-compliant fashion and be “aligned” individualized medical services, information, and products.
- Manage product development, company operations, financing, and human capital management; oversee company vision and growth strategy of scaling into adjacent markets and product technologies.
- Devised and executed strategic plans to establish initial profitability and long-term growth.
- Ensured that all products comply with new regulatory laws on privacy, including the European Union’s General Data Protection Regulation, California Consumer Privacy Act and Health Insurance Portability and Accountability Act
- Directing the development of the HIPAA-compliant myHAVEN Healthcare Adviser, a program that utilizes subjective demands/interests, ICD-10 diagnosis codes, and QR codes to provide a novel and cost-efficient approach for the medical industry to stay connected to patients' intentions.
- Directing use case of myHAVEN to improve dermatological medical education.
